IN MEMORIAM

IN MEMORIAM
In loving memory of Samuel M. Morgan, who left us two years ago, June 16th, 1958.
It was on Saturday,
I'll never forget the day;
God saw the road was getting rough,
The hill was hard to climb.
He gently closed your loving eyes,
And whispered Peace be thine.
—Sadly missed by Family.

IN MEMORIAM
In memory of my husband, Charles Willie Orange, who died June 19, 1957.

I little thought when you were leaving home,
That you would never return;
That you soon in death would sleep
And leave me here to mourn.
I often sit and think of you,
And of the way you died.

That you could never say goodbye
Before you closed your eyes;
The blow was hard, the shock severe
I never thought your death so near.
But only those who have lost can tell
The pain of parting without farewell.

The flowers I place upon your grave
May wither and decay,
But the love for you who is beneath, will never fade away.

Memories drift to scenes long past,
Time goes on but memories last.
Loving thoughts, a secret bear,
Keep Willie's memory ever dear.
—Sadly missed by his wife,
Mrs. Etta Orange.

LOCAL FARM YOUTH AWARD IS WON BY DAIRY FARMING

Denis Torrence, son of Mr. and Mrs. Elliot Torrence, Route 2, Appomattox, received the Southside Virginia F. F. A. Star Dairy Farming Award at Blacksburg last week. This award is given each year to the F. F. A. boy from Southside Virginia (14 counties) who has done an outstanding job of carrying out a good supervised farming program in vocational agriculture with a strong emphasis on good dairying. This year, Dennis Torrence's application topped all others in the Southside area. Dennis will be a senior in Appomattox High School next fall. He has just completed a successful junior year, serving as the treasurer of the Robert E. Lee chapter, and as a member of the F. F. A. executive committee. He is the vice-president elect of the chapter.

Several years ago Dennis began his F. F. A. career with a Holstein heifer, which he carefully fed and groomed for the Lynchburg Farm Show. Today his first heifer is a milk producing cow in his small but growing herd of dairy animals. In his second year of vocational agriculture Dennis increased his dairy enterprise to one heifer and one cow. Today he has one heifer, three cows and a dairy bull. He works with his father and younger brother in looking after a Grade A herd of 20 milking cows. Other farming projects which Dennis is presently carrying as his own are: 3 acres of barley, 2 acres of corn, 4 acres of hay, and 3 acres of forestry. One of the improvements projects in which Dennis is engaged is in building a home farm shop. Others include building metal gates, self feeders, feeding carts, and a tractor seeder.
